

North-Western Europe Price Coupling Stakeholder Forum

Save the Date: Friday 14 June 2013

Dear Market Participant,

The North-Western Europe (NWE) Power Exchanges and Transmission System Operators are working on implementing an NWE Price Coupling Solution, which will replace the current coupling mechanisms in Great Britain, Central Western Europe and the Nordic-Baltic regions.

The project partners are pleased to invite you to an information session about the NWE Price Coupling Solution, to better explain both the solution and the implementation planning.

The seminar will take place in the Sheraton Heathrow Hotel, on the outskirts of London, on Friday 14 June 2013 from 10h30 to 16h30. It will include lunch and a drink after the information session.

A detailed agenda and a registration form will follow. In the meantime, please put a place holder in your calendars for:

Friday 14 June 2013 @ Sheraton Heathrow Airport

Yours sincerely,

The NWE Project Partners

Amprion, APX, Belpex, Creos, Energinet.DK, Elia System Operator, EPEX SPOT, Fingrid, National Grid, Nord Pool Spot, RTE, Svenska Kraftnät, Statnett, TenneT GmbH, TenneT TSO, TransnetBW, 50Hertz Transmission
